

TIFFIN CITY SCHOOLS

244 S. MONROE ST. TIFFIN OH. 44883

Jerry Nadeau
Superintendent

Dear TCS Staff and Community,

We are deeply grateful to our community for supporting the passage of the operating levy. Your trust and commitment to our schools make it possible for us to continue providing essential programs and services for our students. This is a meaningful step forward, and we thank every person who advocated, voted, and believed in the value of public education.

While we take a moment to appreciate this outcome, we remain grounded in the reality that our work is far from over. The passage of this levy ensures stability—but not complacency. We must continue to be good stewards of our resources, keep improving outcomes for students, and build upon the strong foundation you've helped sustain.

Together, with your ongoing support and partnership, we will move forward—responsibly, thoughtfully, and with unwavering focus on what matters most: our students.

Sincerely,
Jerry Nadeau
